

SIRS Issues Researcher

The Leader in Social Issues Coverage for Over 40 years

Access Provided by UDLib/SEARCH

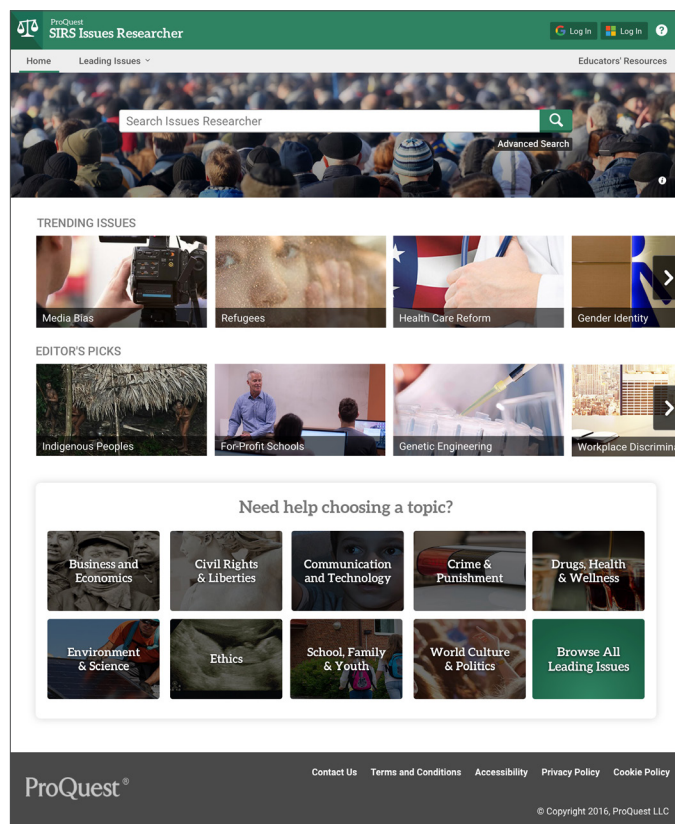

Better research. Better learning. Better insights. ProQuest editors curate content from thousands of global sources to cover the pros, cons, and everything in between, on the most studied issues. SIRS Issues Researcher delivers diverse perspectives on today's complex social issues with relevant, credible information and tools that equip students to think critically about global controversies.

Get right to the heart of an issue with special Leading Issues coverage. SIRS Issues Researcher provides not only the background information necessary to understanding an issue's origins and key points of contention, but also the current analysis that illuminates how the issue affects politics, personal beliefs, current events, and more.

INSIDE EACH LEADING ISSUE YOU'LL FIND:

- A concise introductory overview, critical thinking questions, timeline, and reference materials for context.
- An essential question that introduces the issue's pros and cons and highlights key points under debate.
- Relevant documents, statistics, websites, and multimedia present global perspectives from all sides to help novice researchers explore the "whats" and the "whys" of an issue.
- Integration with Microsoft OneDrive, Google Drive and Google Classroom, text-to-speech capability, a citation generator and citation export functions assure student success.

When you bring it all together, SIRS Issues Researcher is everything researchers need to investigate the toughest controversies—and to begin asking the questions that lead to critical thinking about complex social issues.

POINTS OF VIEW FROM EVERY ANGLE

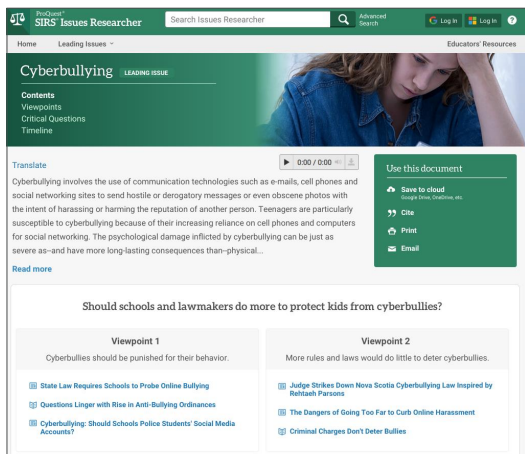

Editors curate every document and web link to ensure balanced coverage of each Leading Issue. Students can easily find their next research topic through a browse by category or alphabetical sort. SIRS Issues Researcher supports individualized instruction through tools such as Lexile Measure search, Text-to-Speech and an article translation tool. SIRS offers correlations to state, national, and international curriculum standards, helping to demonstrate relevance for teachers and administrators.

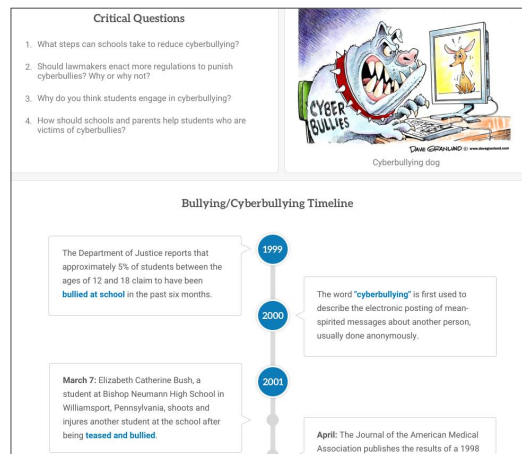

Search type-ahead helps students search and find the most relevant results.

A visually dynamic topic browse enables easy discovery of research topics.

Engaging essential questions and viewpoint articles help build a solid foundation for understanding complex global issues.

Critical questions prompt deep thinking and timelines provide historical context to every Leading Issue.
